National Outreach Programme
Cultivating Futures Empowering Pakistan

If you are a talented, brilliant and an aspiring young student, who excels academically yet is constricted by financial circumstances, then the LUMS National Outreach Programme (NOP) is for you! We aim to bring the brightest minds together from every corner of Pakistan to study at LUMS on full scholarstic aid. Since its establishment in 2001, the NOP has successfully instated more than 1000 brilliant students and continues to facilitate many more annually. Almost 435 graduated students have gone out to achieve, thrive and make an impact in their communities.

The Process
- The NOP team visits schools/colleges in various cities, towns and villages all over Pakistan to introduce the LUMS National Outreach Programme
- Students send their applications for the NOP Summer Coaching Session to LUMS and the shortlisted students are invited on campus in the summer to experience university life at LUMS
- Students hoping to attain the NOP scholarship apply for admission at LUMS along with regular students
- Students take the Scholastic Aptitude Test (SAT), which is funded by LUMS
- Based on the financial need assessment, admitted students are offered a fully funded scholarship in the LUMS undergraduate programmes

A student anywhere in Pakistan can apply if he/she meets the criteria of marks and financial need. There are no separate seats/quota for students based on region, ethnicity and/or extracurricular activities.

Eligibility Criteria
- At least 80% marks in Matric or equivalent in O Levels
- Financial Need

The students shortlisted on the above criteria are invited to the NOP Summer Coaching Session, where they are examined through different exercises and tests. Students are evaluated on their performance at the Summer Coaching Session and are registered for the entrance test, completely paid for by LUMS. Finally, students who apply to LUMS and qualify on merit, are offered admission on full scholarship.

All students, irrespective of whether they apply directly or through the NOP are evaluated on the same admission criteria. While assessing financial need, a review committee ensures transparency in the process of awarding scholarships to all those who qualify for admission.
