

What is the National Outreach Programme?

The National Outreach Programme (NOP) is a scholarship established in 2001 at LUMS. Its singular aim has been to bring together the brightest minds from all over the country to study at Pakistan's premier institution with full scholastic aid. We travel to far-flung towns and the most prominent cities across all provinces of the country to inform eligible applicants of the NOP Summer Coaching Session (SCS), which is the first step towards attaining the scholarship for undergraduate studies at LUMS. With the NOP, a lack of financial resources will never be a barrier to achieving your dreams of academic excellence!

Who Can Apply?

Anyone who scores at least **80% marks** in Matric or equivalent in O-Levels and has a **need for financial assistance** can apply to the NOP.

NOP encourages applications from students who are passionate about pursuing higher education only in the undergraduate programmes offered at LUMS.

How to Apply

Students who meet the eligibility criteria can apply through the following process:

Step 1:

Apply to the NOP Summer Coaching Session (SCS)

Students can apply to the NOP SCS when they are in the first year of Intermediate or A-Levels. Students attending the coaching session in 2025 will be able to join LUMS undergraduate programmes in 2026. You can fill out your online application at nopscs.lums.edu.pk

Step 2:

Spend Two Weeks at LUMS

Shortlisted candidates will be called in for a two-week long SCS at LUMS to experience university life and prepare for the University's Admission Test. The session will be arranged during the summer holidays and all expenses, except travel, will be covered by LUMS. Attending the session does not guarantee admission or a scholarship award.

Step 3:

Apply for LUMS Admission

Successful SCS participants who wish to pursue undergraduate degrees offered at LUMS would need to fill out the online admission form via admissions.lums.edu.pk

LUMS will cover the one-time admission application processing and test registration fees of all such candidates. Qualifying students who meet the set academic and financial evaluation benchmark will become LUMS NOP scholars!
